Assembly instructions

Difficulty level:	advanced
Completion Time	14 - 16 hours

NECESSARY TOOLS

B&W Printer

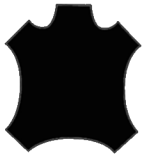

Scissors or a cutter

Hole Puncher

A few scraps of leather

Thread and needles

3 x 20 mm Buckles and a few rivets

PRINTING THE PATTERN

Set up your printer to A4 paper with no margins on landscape mode.

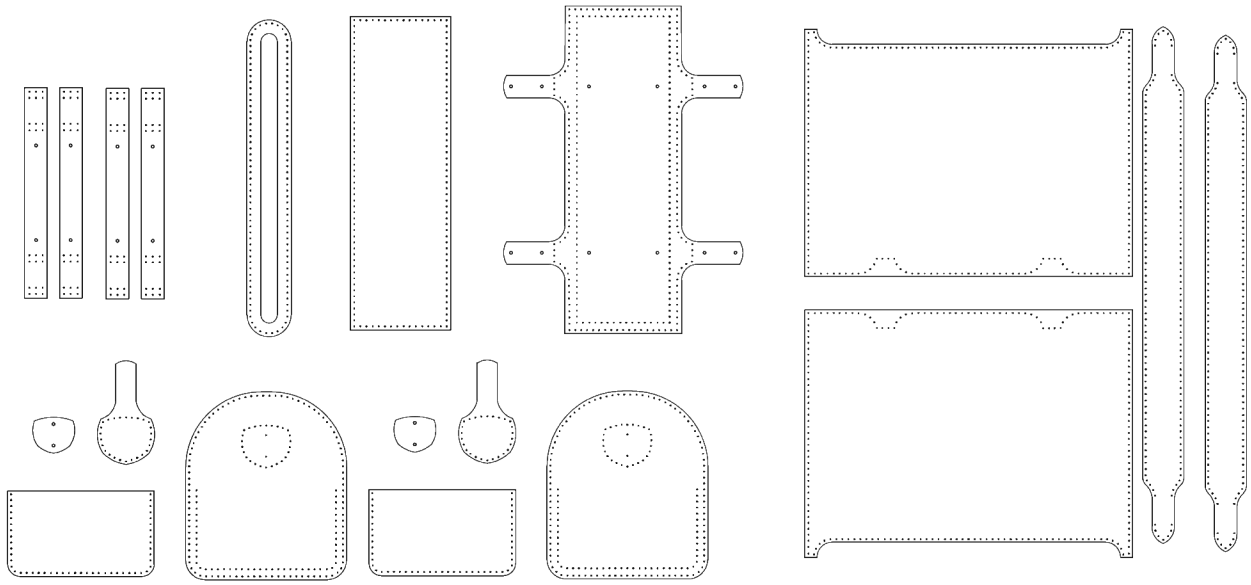

Alternatively you can use “letter” format which is approximately the same size and will not impact the size of the product significantly

Link to a video tutorial to printing with zero margins here: https://goo.gl/HYHavK

Print all the patterns. Some of the pieces spread over multiple pages. I also used letter and number codes for all the pieces so it is easier to combine

Join them together and you should have all the pieces shown below.

To help you make the bag with ease we made a video tutorial including all the steps from start to finish
