ACC-64 Key steps instruction

Key step 1: Stitch A01 and A03 together, from blue circle to green circle, do look at the pictures carefully. Please know that: you should fold A03's edge along the blue line vertically, and paint glue that out side of the orange line (stitching line), then stitch them together.

Key step 2: Notice the green circle, 3 green circles share the same stitching hole. You should do like this: After step 1, turn that item over, and then you will get the main body.
