BlueCat Leather Craft

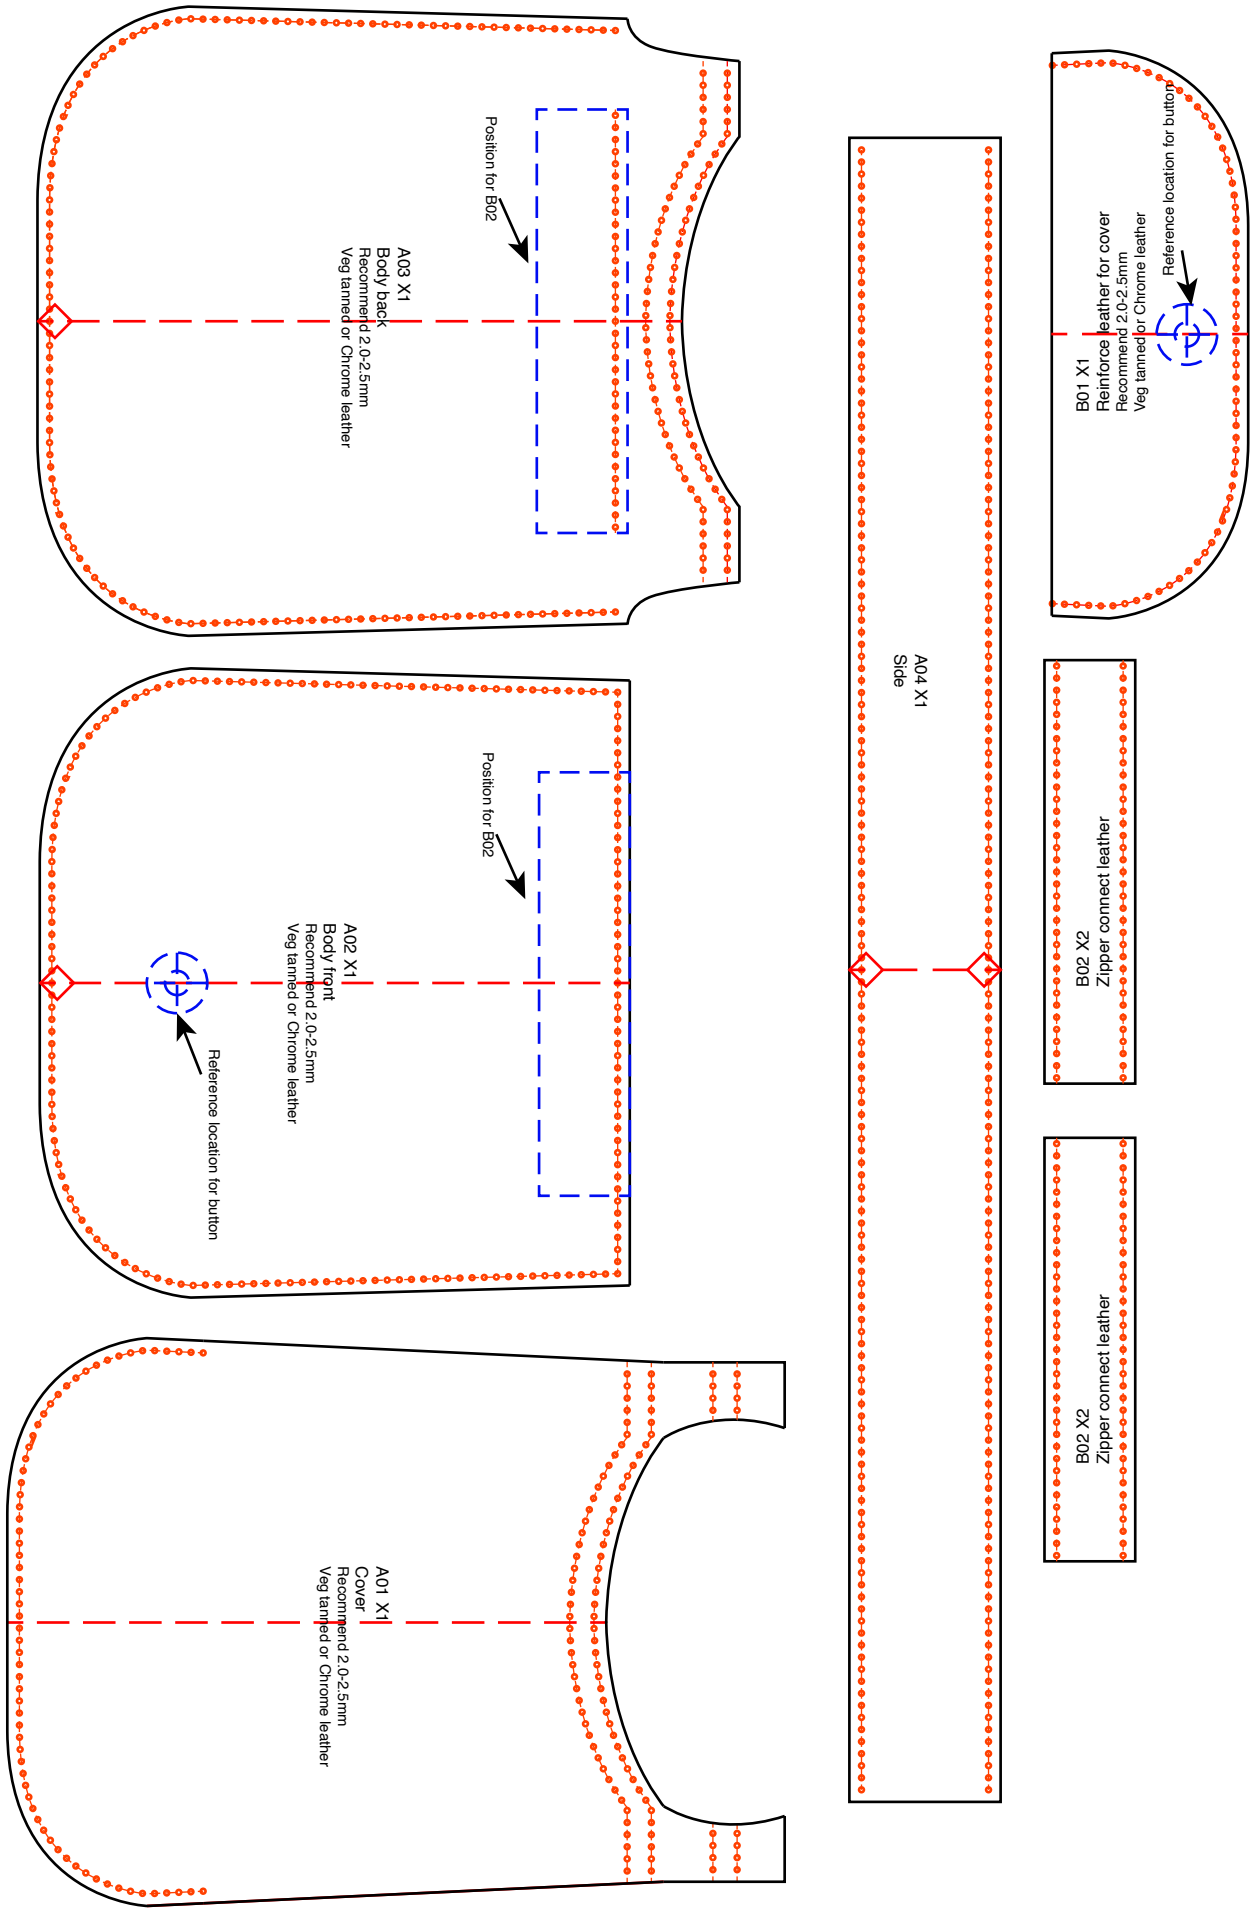

Material requirement:
- 2.0-2.5mm Chrome or Veg Tanned Leather
- 240mm zipper
- Magnetic fastener button
- D ring

Tools Requirements:
- 1 regular cutter
- 2 needles
- 1 hammer
- 30cm ruller
- 1 Clamp
- leather punch chisel of 4mm
- sandpaper
- edge burnisher
- Small scissor
- Hole puncher
- Buttons installation tools

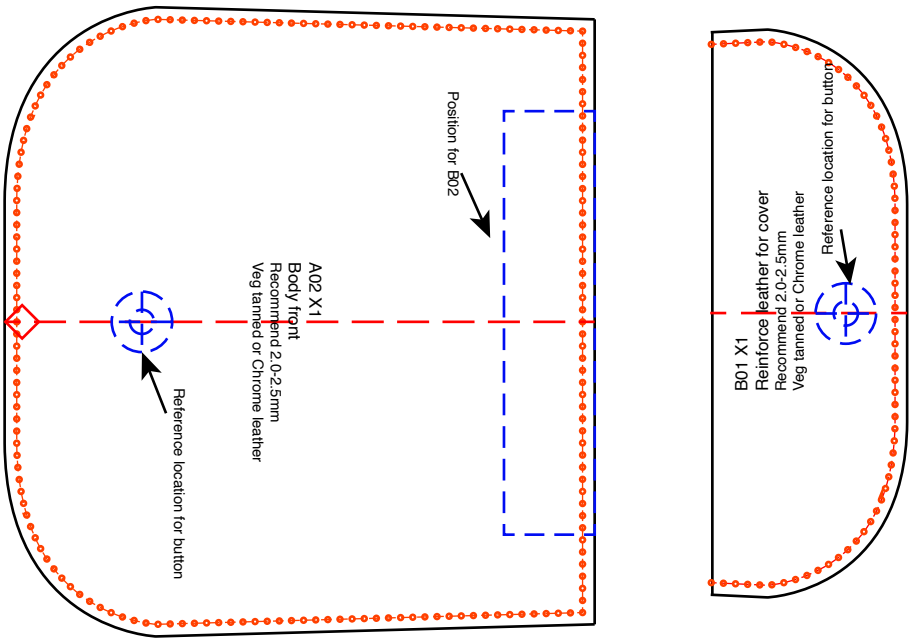

***Note: In this case, I assume that you have the basis knowledge about leather craft, like cutting, sewing, edge burnish or painting etc.

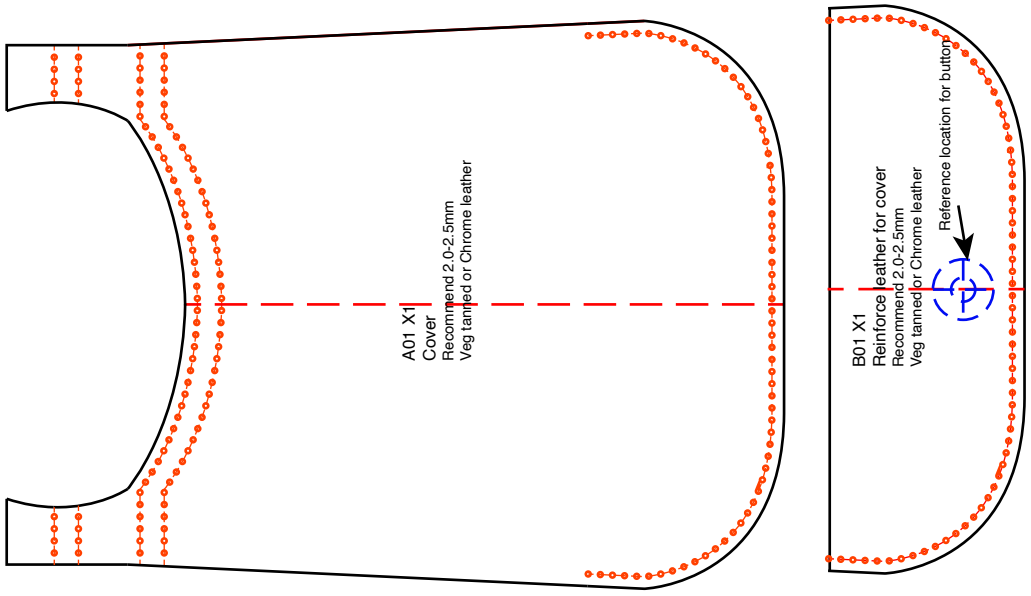

1st step: you have to cut the leather along the solide line, make sure they are right size before cutting, they are 7 pieces.

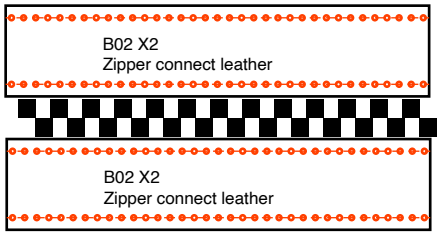

2nd step: Punch the holes and install the button on B01 and A02 (have to colibrate the position of button before punching).

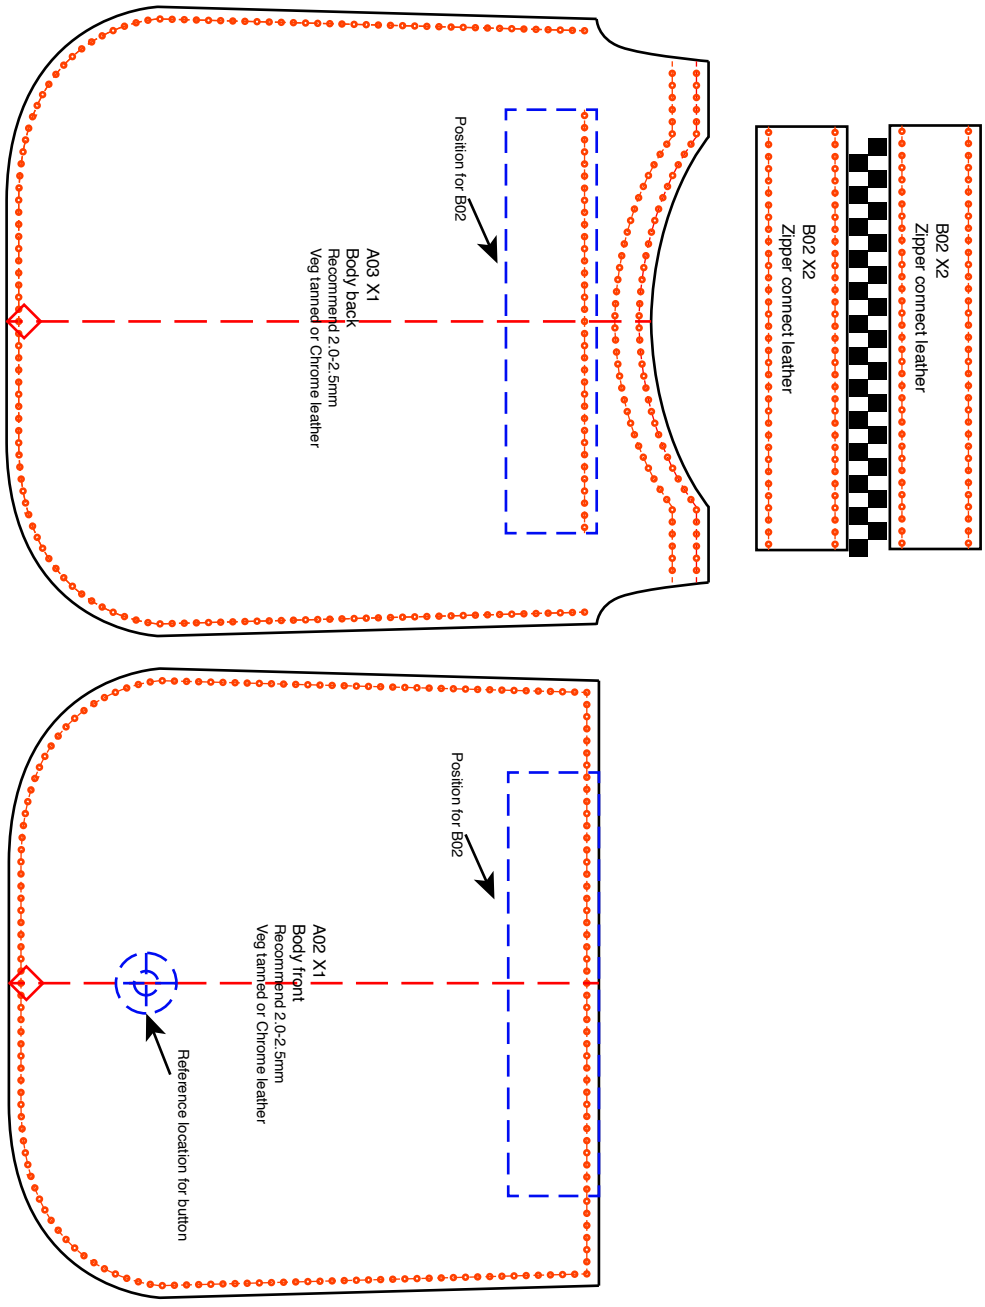

3rd step: stitch B01 with A01

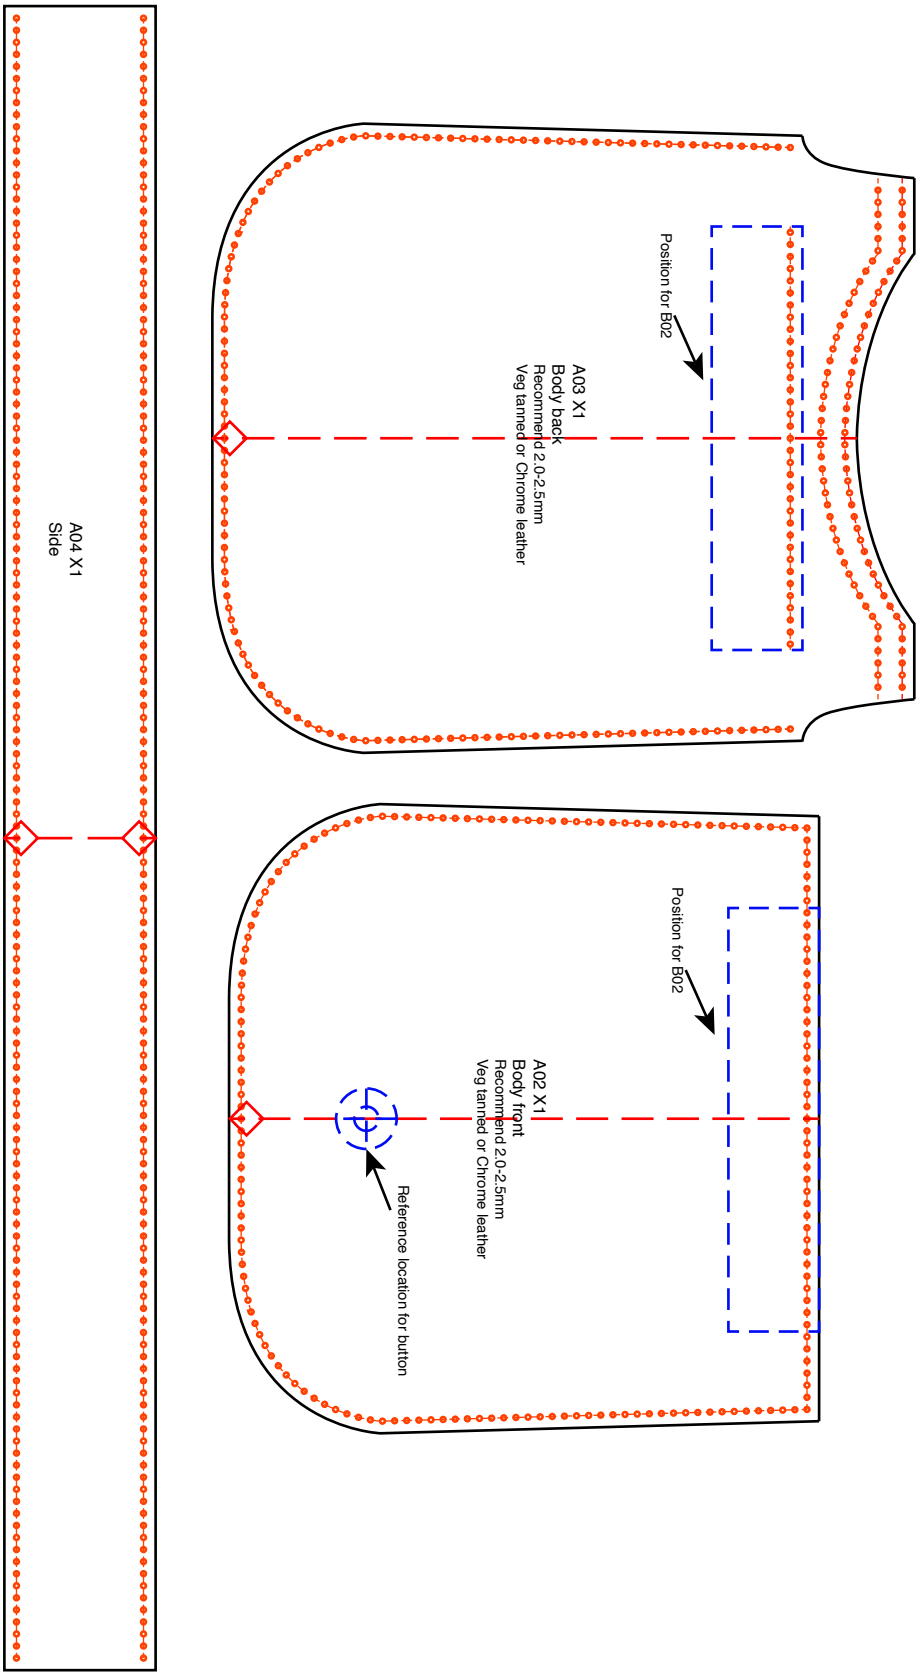

4th step: stitch zipper with B02

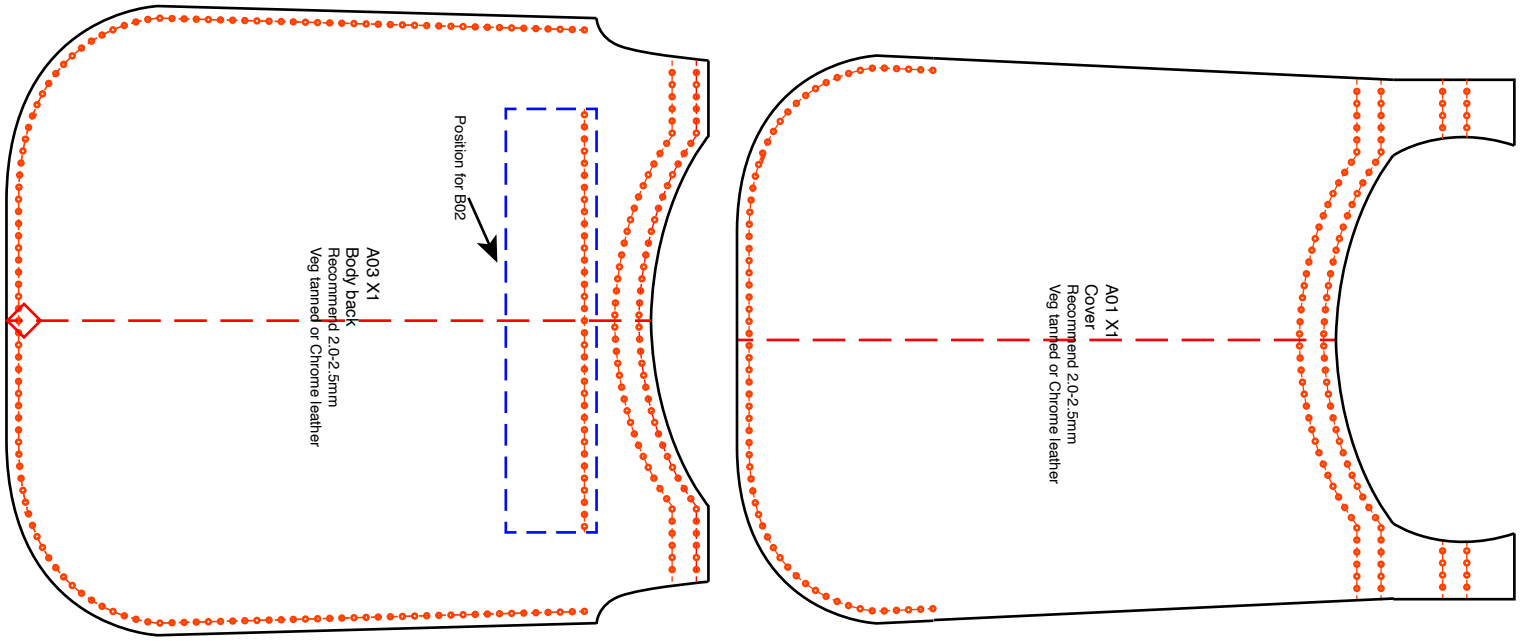

5th step: Stitch B02 with A02 and A03.

6th step: Stitch A04 with A02 and A03. Recommend glue the A04 with A02 and A03 in the middle first then extend to both side.

7th step: Stitch A01 with A03, don™t forget install D ring at this step.

8th step: make a strap with the length you want, then the project is fiinished
